- [BreastCheck An Educational Package for General Practice](#) (1,096k)

Contents

Introduction

Breastcheck Overview

Section 1 BreastCheck - The National Breast Screening Programme

Section 2 General Practice and Breast Screening

Section 3 Breast Disease

Appendices

Description

The pack contains details of the BreastCheck (the National Breast Screening Programme), The Role of General Practice in Breast Screening and a Section on Breast Disease (breast cancer, familial breast cancer and the management of breast symptoms). This fourth edition replaces the earlier editions and provides current information relating to the national expansion of BreastCheck in 2007. It has been updated by the ICGP with contributions from clinicians and staff at BreastCheck.
