Appendix 2: Audit Steering Group Members  
Appendix 3: Explanation of Commonly Used Terms  
Appendix 4: Interview Sites  
Appendix 5: Sample Questionnaire  
Appendix 6: Core Data

## Description

The audit, commissioned by the HSE, was carried out by the Royal College of Physicians of Ireland in 2007/2008 and involved all stakeholders responsible for postgraduate medical training. Data on over 3,500 SHO and Registrar posts was collected, and provides, for the first time in Ireland, a comprehensive national database of posts in all specialties.
