Standards applicable to organisations providing Level 4 Psychotherapy Services

Appendix 1: Glossary of Terms

Appendix 2: References and Relevant Reading

Appendix 3: Relevant agencies/stakeholders to consult with

Appendix 4: Contact Details

Description

The NOSP, Console, and Turas le Cheile bereavement support service have worked on developing The National Quality Standards for the provision of suicide bereavement service. The resource was created to establish national standards for all levels of suicide bereavement support services in Ireland. This practical document will help to ensure a consistent quality of such services nationwide and is as helpful for existing services as it is for new ones.
