Contents

Strategic Priorities 2008-2013

Goal 1: A healthier community through high quality general practice

Goal 2: A healthier community with a sustainable general practice workforce

Goal 3: A healthier community with effective working relationships across the health sector

Goal 4: A healthier community with a vibrant College in support

Description

Since inception the College has developed and prioritised its activities by way of periodic strategic planning in consultation with members. The process for the 2008-2013 plan commenced last autumn and as such this is the draft plan for the consideration and input of members.
