HCAI/AMR Newsletter December 2015: Aseptic Non Touch Technique (ANTT)

Author: McKenna, Mary

Publication Year: 2015

Download

- [HCAI/AMR Newsletter](#) (744k)

Contents

- Infection transmission during invasive procedures or using invasive devices in the GP setting.
- What is Aseptic Non touch Technique (ANTT), which procedures does it routinely apply to in the practice and when should it be performed?
- Tips to practically apply ANTT in the general practice setting.

Description

In this issue, Mary McKenna, Infection Prevention and Control Nurse Lead for the HSE HCAI and AMR Clinical Programme, explains Aseptic Non Touch Technique (ANTT), when it is needed in general practice and how to perform it.
