

**Application to ICGP Postgraduate Training Committee (PGTC)
to extend GP Training duration:**

It is PGTC policy that the ICGP National Director of Specialist Training in General Practice, presents any application for recognition of an extended period of specialist training to the committee. To commence the process, the relevant GP training scheme should inform the National Director through completion of this document.

The National Director will liaise with the Programme Director and GP Trainee where appropriate.

Date:			
Trainee Name:			
Medical Council number:			
GP Training Scheme:			
Date of commencement of specialist training in general practice:			
Date of scheduled completion of training prior to any extension:			
Date of scheduled completion of training incorporating proposed extension of training:			
Outline any period of leave from training outside routine annual leave:
