

Global Health Grants Scheme 2021

Grants for low-middle income countries

Following the success of last year's Global Health Grants scheme, the ICGP is happy to announce that the grant scheme will continue to support the many GPs and practice nurses in Ireland who are involved in projects in low-income countries and provide essential support to these organisations. COVID-19 continues to threaten the existing health services and has highlighted the inequality of health around the globe.

The College is keen to continue its support for the initiatives and programmes in which members are involved. In collaboration with the ICGP Global Health Subcommittee, a Global Health Grants Scheme was established with the objective of rapidly disseminating grant aid to support those organisations in low- and middle-income countries receiving ongoing support from ICGP members or their practice teams so that we can all continue to strive for good health for all.

Application Criteria

1. Applicant must be a member in good standing of the ICGP.
2. Funding must be intended for a low-middle income country.
3. Funding must be used to help an established project.
4. Up to €2000 may be applied for in one application. Nine grants will be awarded.
5. A short final report outlining how the funds were spent, copies of receipts and the effect the funding had on the project must be provided. We would encourage the inclusion of relevant photographs if possible and confirmation that consent has been obtained.
The report on the use of the funding including details from the individual report and photographs if appropriate will be circulated to ICGP members/included in newsletter etc.
6. In order to ensure rapid release of funds at this time there is a 2 week window for applications, with a decision time line of 5 days.
7. All applications will be reviewed by a College Selection Panel to predefined criteria including on:
 - i. Eligibility of objectives and outcomes
 - ii. Appropriate use of funding
 - iii. Extent of involvement of ICGP member or practice team in the organisation seeking funding.

The decision of the selection panel is final.
