## What is the ICGP PCS ePortfolio?

ICGP provides a professional competence scheme (PCS) under arrangement with the Irish Medical Council for doctors working in general practice (GPs). This includes facilitating GPs to record and document their annual CPD requirements. The ICGP PCS ePortfolio is available for all GPs enrolled on the ICGP PCS for the current PCS year (1<sup>st</sup> May – 30<sup>th</sup> April annually) and can be accessed at [www.icgp.ie/pcs](http://www.icgp.ie/pcs)

The activity you record to your ePortfolio is used to populate your annual Statement of Participation, a key document demonstrating your engagement with PCS. Your Statement is created once a year in May and reflects your recorded activity for the five most recent PCS years.

Your ePortfolio retains a log of your recorded activity for six PCS years – the current year and five previous. You can also choose to attach copies of supporting documentation to your ePortfolio and these will remain on the system for a maximum of three PCS years.

## Enrolling on the ICGP PCS

## Troubleshooting Q&A

### **Q: Why can't I access my ePortfolio?**

**A:** To access your ePortfolio, you need to be enrolled on the current PCS year. If you have not yet enrolled, please go to [www.icgp.ie/pcs](http://www.icgp.ie/pcs) and select 'Renew/Enrol on the ICGP PCS'.

### **Q: Why can't I add an Attachment?**

**A:** There are 2 reasons that an attachment may not add to your ePortfolio:

1. Document is not in one of the compatible file formats:
  - PDF
  - JPEG
  - PNG
  - MS Word 2007+
2. Your document exceeds the limit. The limit for each file is 2MB and there is a 30MB total limit to your ePortfolio. ICGP retains your ePortfolio attachments for 3 PCS years – the current year and 2 previous. Please see section on Deleting ePortfolio Attachments to learn how to free up space on your ePortfolio.

### **Q: Why is my audit not showing on my Statement of Participation?**

**A:** There are 2 reasons why this may occur:

1. You have not ticked the 'audit completed' box when recording your audit.
2. Your date is in the correct PCS year – date needs to be on or before the 30<sup>th</sup> April of the relevant PCS year.

You can amend your audit entry to rectify this by following steps on 'Removing or Amending Activity'

### **Q: Why do I not have Statement of Participation?**

**A:** You will only have a Statement of Participation once you have completed one full PCS year. If this is your first year of enrolment, you will be able to access your first Statement once the year is complete in May.

### **Q: Why can't I see documents that I attached in previous PCS years?**

**A:** In order to ensure the efficiency of the ePortfolio, ICGP removes ePortfolio attachments

### **Q: Why do I need to record before 30<sup>th</sup> April?**

**A:** The statutory deadline of 30<sup>th</sup> April is set by the Medical Council. Information that you record to your ePortfolio is used to populate your annual Statement of Participation – proof of your adherence to PCS requirements. As per Arrangements with the Medical Council, we raise the Statements of Participation once a year at the beginning of May, and therefore activity which you record after 30<sup>th</sup> April will not be included.
